RE: Transforming Community Violence Program

Dear Ms. Tracy:

This is a note to let you know that I appreciate your efforts at implementing and sustaining the Transforming Community Violence (TCV) program here in Orange. It is critically important to our success in reducing violence in the community that there be available to probationers a variety of successful programs dedicated to reducing the potential for violence. I am often reminded that the TCV program occupies an important place in our list of referrals and is an important option for parties in creating recommendations for the productive disposition of in criminal cases. Thank you again for providing this resource.

Very truly yours,
